2012
Foreword

The League of Women Voters of the Clemson Area, serving Pickens, Oconee, and Anderson Counties, publishes this Directory as a public service. Its purpose is to help the citizens of the area become better acquainted with their government.

The League of Women Voters is a national organization open to citizens age 18 and older. Its purpose is to promote political responsibility through the informed and active participation of citizens in government. The League is nonpartisan. The League does not support or oppose candidates for office or political parties. After sustained study, the League takes action in support of or in opposition to selected governmental issues.

The League of Women Voters is a nonprofit, volunteer organization supported by annual dues and contributions by its members and by contributions from those outside the organization who respect its aims and accomplishments.

We would like to express our thanks to the many public officials and League members who gave of their time and effort to bring together the information published in this directory. We extend our grateful appreciation to Duke Energy for printing the 2012 Directory of Public Officials.

**How to Address Public Officials**

We perform a vital task when we go to the polls, but we must go further. We can observe our officials in action by attending City Council and County Council meetings and by studying the newspapers and listening to the news when the State Legislature and Congress are in session. We can let our representatives know what we are thinking by writing or telephoning them as issues arise. We should not wait until we are displeased but remember to give encouragement as well as criticism. This is how to address officials at various levels.
