Foreword

The League of Women Voters was established in 1920 as a nonpartisan political organization, which is now open to both men and women ages 16 and older. Its purpose is to promote political responsibility through the informed and active participation of citizens in government.

The League does not support or oppose candidates for office or political parties. After sustained study, the League takes action in support of or in opposition to selected governmental legislation or policies.

The League of Women Voters is a nonprofit, volunteer organization supported by annual dues and contributions by its members and by contributions from those outside the organization who respect its aims and accomplishments.

The League of Women Voters of the Clemson Area, which was established in 1968, serves Pickens, Oconee, and Anderson Counties. We publish this Directory as a public service to make it easier for citizens of the area to be in contact with their government officials.

We would like to express our thanks to the many public officials and League members who gave of their time and effort to bring together the information published in this directory. We appreciate the support of the Blue Ridge Electrical Cooperative in funding this publication.

How to Address Public Officials

We perform a vital task when we go to the polls, but we must go further. We can observe our officials in action by attending City Council and County Council meetings and by studying the newspapers and listening to the news when the State Legislature and Congress are in session. We can let our representatives know what we are thinking by writing or telephoning them as issues arise. We should not wait until we are displeased but remember to give encouragement as well as criticism. This is how to address officials at various levels.
